

The IVECO logo is positioned in the top right corner of the image. It consists of the word "IVECO" in a bold, black, sans-serif font, with a blue horizontal bar integrated into the letter "V".

IVECO

The IVECO logo is prominently displayed on the front grille of the green truck. The logo is rendered in a silver or chrome color, matching the truck's body panels. The grille itself has a complex, multi-layered design with a honeycomb pattern.

IVECO

The main title of the advertisement is located in the bottom left quadrant. It is written in a large, white, sans-serif font. The text is partially overlaid on a blue gradient bar that extends from the left edge of the image. The text reads "IVECO Apprenticeship Programme" on the first line and "Heavy Vehicle Maintenance Technician" on the second line.

IVECO Apprenticeship Programme
Heavy Vehicle Maintenance Technician

The IVECO ACADEMY logo is located in the bottom right corner. It features the word "IVECO" in a bold, black, sans-serif font, with a blue horizontal bar integrated into the letter "V". Below "IVECO" is the word "ACADEMY" in a smaller, black, sans-serif font.

ACADEMY

Why choose us?

IVECO is the only commercial vehicle manufacturer to offer training across its entire product range - from light to medium and heavy vehicles - powered by diesel, petrol, gas and electric.

This exclusive, all-round exposure offers a holistic learning experience unavailable anywhere else. The advancements in commercial vehicle technologies is making technical training essential for keeping vehicles moving. The IVECO Apprenticeship Programme provides an opportunity to join a specialist cohort of technicians working with industry-leading light and heavy commercial vehicles. We are recruiting the next generation of IVECO technicians to support our programme and maintain the performance, reliability and operational uptime of our vehicle fleet. Your future in advanced vehicle diagnostics and service excellence starts here.

/ACADEMY

Engineering the next generation of heavy vehicle specialists

IVECO's apprenticeship programmes offer a practical pathway to building a rewarding career while gaining real-world experience with a global commercial vehicle leader. With apprenticeships in both heavy vehicle technology and parts, IVECO provides practical training that covers both workshop and parts operations. This means IVECO offer apprenticeship programmes that are suitable for all. As an apprentice with IVECO, you will develop industry recognised skills through hands-on training, mentoring from experienced professionals, and supported learning alongside paid employment. You will earn while you learn, fast-tracking your career progression. For IVECO, it ensures we develop the next generation of highly skilled, motivated individuals who are ready to drive innovation and deliver high-quality solutions for the future.

Who we're looking for

The Heavy Vehicle Technician pathway suits people who enjoy problem solving, practical work and applying technical knowledge. If you want a challenging and rewarding role with real progression, a HGV technician apprenticeship is an excellent choice.

Applicant requirements

- ✓ Be at least 16 years old and no longer in full-time education
- ✓ Have achieved Grades 4-9 (A-C) in GCSE Maths and English
- ✓ Complete an online assessment and an initial assessment with your Skills Coach

How the programme works

Employed by an IVECO dealership from day one and paid a wage

Starting work at an IVECO dealership from day one means you earn while you learn in a real workshop environment. You'll build skills and confidence quickly, gain hands-on experience with commercial vehicles, and develop practical knowledge alongside your training at the IVECO Apprentice Academy.

Meet apprentices from across the UK during academy blocks

Training at the IVECO Apprentice Academy lets you meet apprentices from across the UK, share experiences, and learn together. It's a great way to build confidence, make friends, and feel part of a wider IVECO community.

Regularly attend the IVECO Apprentice Academy

Regular visits to the IVECO Apprentice Academy are a key part of your training, helping you build technical skills in a professional environment. Across 13 training blocks in Winsford, you'll gain hands-on experience with the latest tools and vehicle technology, supported by VCT training, ensuring steady progress, growing confidence, and strong development alongside your dealership learning.

Stay in approved hotel accommodation

Approved hotel accommodation during your academy blocks ensures a safe, comfortable stay. All hotels meet strict safeguarding standards, giving you peace of mind so you can focus on your training.

My apprenticeship

Love getting hands-on? Enjoy figuring out how things work? **A career as a Heavy Vehicle Maintenance Technician could be the perfect fit for you.**

Every day brings something different. One minute you're swapping out parts on a truck or van, the next you're using high-tech diagnostics to solve a tricky fault. You'll work on a wide range of commercial vehicles, with no two days the same. If you're looking for a career that's practical, fast-paced and genuinely exciting, this could be the your next step into the automotive world.

What to expect on your HGV apprentice experience

Three-year structured training pathway

Leading to a Level 3 Advanced Apprenticeship in Heavy Vehicle Service and Repair.

Earn while you learn

Not only will you gain a qualification, but you will also get paid a wage whilst doing so.

You will be supported by a skills coach

Your skills coach will visit you in your dealership every 8 to 10 weeks. They will provide you with support, track your progress and address any training needs you may have.

You will be provided with a structured block training schedule

For you to attend training at our state-of-the-art academy in Winsford.

You will gain real skills, extensive knowledge and experience

Working on IVECO's full range of vehicles.

Benefits for you

As an IVECO Apprentice, you'll work towards a nationally recognised qualification by completing a three-year Level 3 Advanced Apprenticeship in Heavy Vehicle Maintenance and Repair. You'll also gain full-time employment from day one at one of more than 100 IVECO dealerships across the UK. You'll earn while you learn with a competitive wage as you build practical, industry-leading skills. You'll also benefit from specialist training at the IVECO Apprentice Academy, equipped with the latest tools, diagnostic systems and vehicle technology.

Where next...

Being an IVECO Apprentice means joining a dealer network operating from locations across the UK. We deliver high quality aftersales support to our customers and innovative products that meet industry needs. IVECO vehicles are sold and serviced worldwide, creating career opportunities across Europe and within the CNH Industrial family. The IVECO Apprenticeship Programme offers long-term job security, structured career progression, and a pathway into a global motor industry career. We are recruiting nationwide - discover your nearest opportunity today.
